

# Want the savings of **LED Lighting** but it's not in your budget!

Standard office, factory, retail and warehouse lights are **costing you over 57%<sup>1</sup>** more electricity for lighting than they need to!

Standard lights:

- Are **expensive** to run
- Need **replacing** more often
- Generate a lot of **heat**

See  
inside  
for the  
solution!

# THE SOLUTION

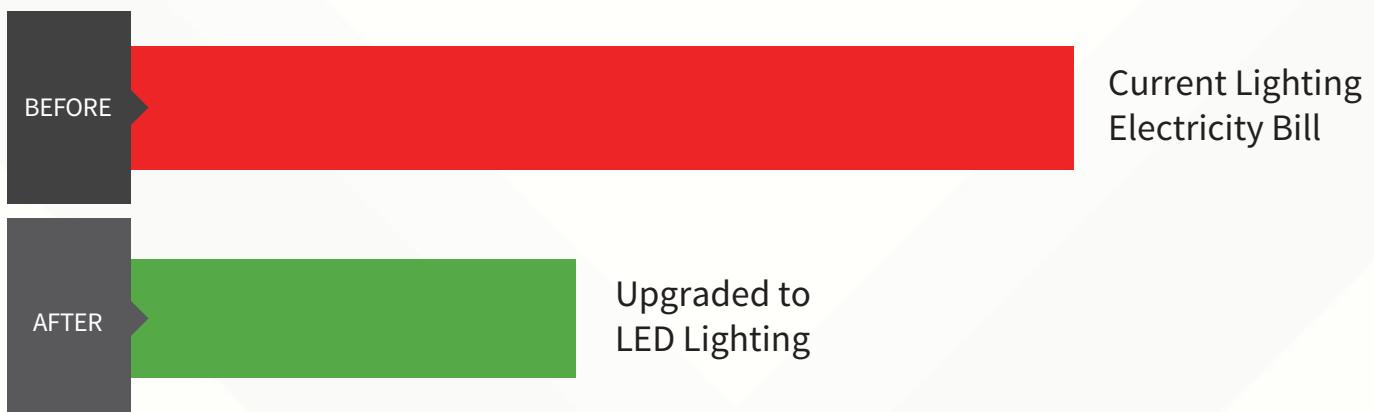

## **FREE<sup>2</sup> LED Lights PAID by the Power Company!**

Lights in business contribute 14% – 51%<sup>3</sup> of your electricity bill, NOW is the time to reduce this cost.

## Get the Power Company to Pay for Your NEW Lighting

We can show you how to turn your current wasted energy and costs, into paying for your NEW LED lights and receive :

- **NEW Lights and the SAVINGS for 10<sup>4</sup> years**
- No Upfront Costs
- **Cash Flow POSITIVE Plans ( average Plan periods are 18 – 36 months )**
- Once paid off you keep the savings year after year
- **Your savings get greater as electricity prices rise**
- 10 year LED lamp life<sup>5</sup>
- **Save on maintenance costs that are no longer required**

# NEW for OLD

Don't settle for retrofitting LED tubes into OLD unreliable fluorescent fittings and waste your money, get completely **NEW LED FITTINGS** ( Troffers).

Expert Energy's **NEW** LED Troffer is your fluorescent replacement solution. **Accredited** and **subsidised** under the Victorian Government Energy Saver Incentive Scheme, our LED troffers:

- ✓ **Reduce power consumption by over 50%**<sup>6</sup>

Highbays

Floodlights

This offer is provided as part of the Victorian Government's VEET (Victorian Energy Efficiency Target) and is only available to eligible commercial premises located within Victoria in accordance with the VEET scheme. Offer valid as long as the applicable Activity 34 of the VEET scheme operates unless withdrawn earlier. Further information on the Victorian Energy Saver Incentive available at [www.saveenergy.vic.gov.au](http://www.saveenergy.vic.gov.au) or [www.veet.vic.gov.au](http://www.veet.vic.gov.au) or e-mail [veet@esc.vic.gov.au](mailto:veet@esc.vic.gov.au).

Expert Energy Pty Ltd holds VEET Accredited Person's certificate No. A0597 under which this offer applies. The service provided includes the supply and installation of new VEET approved lighting devices and the removal and recycling of the old light fittings. Price reductions, Credits or Reimbursement of VEECs (Victorian Energy Efficiency Certificates) will be calculated based on the prevailing market prices, less processing expenses, on the day the VEECs are created. Where it is uneconomic to provide VEECs due to the VEET compliance costs Expert Energy, at its sole discretion, may provide a product discount in lieu.

Calculations are based on:

1. A single 36W fluorescent with magnetic ballast loss of 6W as compared to 18W LED tube.
2. Based on the cost of the LED Lighting Upgrade being paid from the savings in energy costs no longer paid to the Power Company.
3. Based on figures in U.S. Department of Energy National Lighting Inventory and Energy Consumption Estimate available at [http://apps1.eere.energy.gov/buildings/publications/pdfs/ssl/lmc\\_vol1\\_final.pdf](http://apps1.eere.energy.gov/buildings/publications/pdfs/ssl/lmc_vol1_final.pdf).
4. Based on 30,000 hour lamp life equivalent to 8.25 hours per day, 7 days a week, 52 weeks per year.
5. Based on 30,000 hour lamp life equivalent to 8.25 hours per day, 7 days a week, 52 weeks per year.
6. Minimum savings achieved when replacing fluorescent tubes, halogen and Compact Fluorescent (CFL) downlights, Metal Halide or Mercury Vapour highbays and floodlights with equivalent LED lights.
7. Lifecycle tests approved by the VEET scheme.
8. 3 Year warranty is standard on all products with extended 5 or 7 year warranties available at extra cost subject to manufacturer's conditions.
9. Subsidy subject to compliance with VEET Building Type and other eligibility criteria.
